

LeadingAge Connecticut Membership

About Us

LeadingAge Connecticut is a membership organization representing 130+ not-for-profit and mission driven providers of aging services. We are more than a membership organization. We are a community - advocating for an integrated and coordinated continuum of high quality, affordable and innovative health care, housing, and home and community-based services; and in which self-determination, compassion, benevolence, individual dignity, diversity and social responsibility are valued.

Our Mission

LeadingAge Connecticut is an association dedicated to advancing the quality of services and care for older adults and chronically ill individuals by leading, educating, representing, advocating and servicing its members who are mission-driven and not-for-profit providers representing the continuum.

LeadingAge Quality First

Quality First is a philosophy of quality and a framework for earning the public's trust in our field. **Quality First** is the way in which LeadingAge Connecticut members accept responsibility for assuring that the people they serve receive quality care and services.

Quality First makes providers directly accountable for excellence and distinguishes LeadingAge Connecticut members as not-for-profit aging-services providers.

* Proprietary providers who embrace the mission and endorse the Quality First Program.
